Preface

Shiv Nadar University's primary responsibility towards its student body is to furnish them with an unparalleled quality of education and ensure that this education is supplemented by providing them with exemplar opportunities for their future professional and academic goals. The Career Development Centre continues its collaboration with the industry and sustains to establish Shiv Nadar University as a premier institution for prospective employers. CDC bridges the gap between classroom and professional space and emphasizes on industry-based experiential learning. CDC trains students to give them the opportunity to study in some of the best classrooms in excellent higher education institutes.

Three batches have graduated and now that the fourth batch is ready to step into the world, CDC seeks to handpick the best organisations for our students and collaborate with the industry. Over the academic year, CDC organised programs for student development, like the Campus Placement Preparation Module, Individual Counselling Sessions, Thursday Talks, mentorship programs and support for competitive exam preparation. Many students from the graduating batch have been recruited by mega corporations like Amazon, Dell, Saint Gobain, Morgan Stanley and Daikin. Our students have been selected to study in the foremost institutions in India and abroad, IIM Ahmedabad, Azim Premji University, University of Chicago, Columbia University, Cornell University, Johns Hopkins University, University of Michigan, University of Amsterdam, University of British Columbia, and University College London.

Along with this, the role of the CDC also extends to alumni relations. To provide our young alumni with support in their initial years out of campus, we created an online community and are encouraging alumni to keep engaging with the SNU community. The alumni also act as mentors for the junior batches. This year, as the fourth batch graduates, CDC inducted the graduating class into the Association and held elections for nominating office bearers.

Having seen these students grow from nervous and giddy freshmen into the confident young people I have seen this last year, I wish them all the best for their future!

Anubha Bali
Director, Career Development Centre

Message from the Vice Chancellor

At Shiv Nadar University, we have a clear mandate: to reach a stage of quality education through innovative research so that our peers recognize our distinct mark. SNU's journey began with active participation, continuous engagement and shaping the abilities of critical thinking. The cross-connection of ideas, experience and technology have shaped our students into path-breakers. The encouraging testimonies of our students are proof of this.

The UGC Inspection Report on SNU in 2016 was one of its kind – a detailed and promising report covered all the functioning aspects of the University. SNU was declared “University of the Year” at the FICCI Higher Education Excellence Awards ceremony in November, 2016. We are among a select group of green-field institutions in the country which were awarded the prestigious Atal Incubation Centre, granted by Niti Aayog, Government of India in the very first round. In the NIRF (National Institute Ranking Framework, MHRD, Government of India) 2018, SNU is now the youngest institution in the ‘top 50’ Universities list, and SNU has been the youngest institution in the ‘top 100’ “Overall” list since last year. SNU stays committed to the mission of societal impact through science-driven policy making and has been taking the lead in launching unique programs like the one on ‘Water Science and Policy’.

This year our students were chosen by the best institutions for both recruitment and higher education. They will continue to define the University in the same way that the University has helped them formulate their identity.

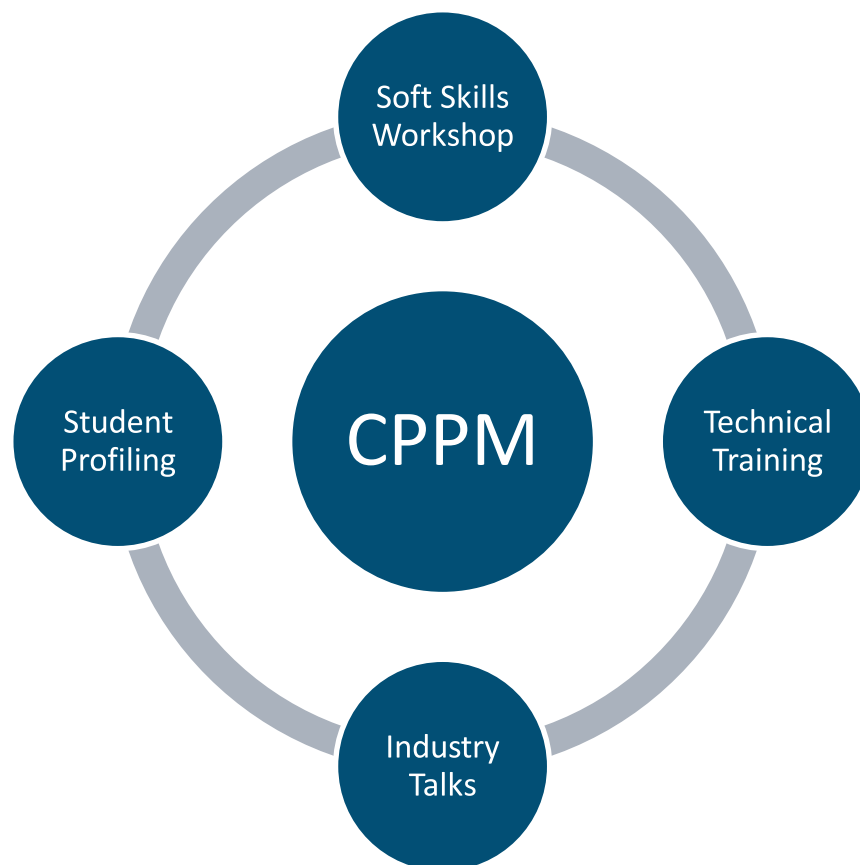

Dr. Rupamanjari Ghosh

Vice Chancellor
Shiv Nadar University

Preparatory Activities: CPPM

Every year the students opting for placements face some of the world's best employers in a competitive selection process. To kick off the placement season, we prepare them to ace the placement process by organizing the Campus Placement Preparation Module (CPPM), which is a rigorous training program enabling students to present their best self forward.

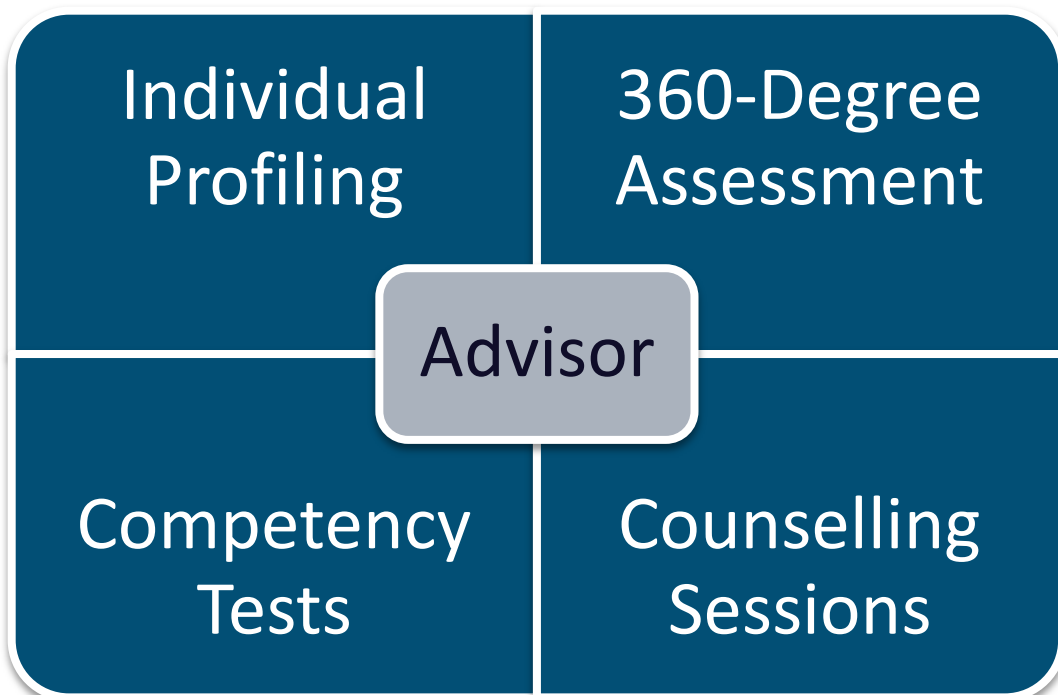

Sessions on the creation of a resume and cover letter, mock interview rounds and group discussions, technical interviews and multiple aptitude tests help them understand how an actual interview day may look like. Soft Skill workshops that teach students the importance body language, leadership, etiquette, dining and grooming contribute to their overall evolution from classroom to the outside world. CPPM is organized in association with industry leaders, subject matter experts & trainers from some the best partner organizations besides actively engaging our alumni in these pre placement preparatory sessions.

Preparatory Activities: Career Advisor

Every student at the University can reach out to members of the CDC Team who work as Career Advisors, guiding and helping students make an informed career plan. Tools like a 360-Degree evaluation, competency tests and assessments coupled with individual profile discussions allow each student to identify their strengths and weaknesses. With a variety of career options available to the fresh graduates today, the Career Advisor profiles each student based on their interest and capability and makes recommendations about a career plan relevant to them.

Advisors establish a relationship of trust with the students and work hard to understand their career goals. After this, the advisors try to find the right fit for each student. The advising sessions for the batch of 2018 began in July, during the CPPM and continued till the placement season ended.

INTERNSHIPS

An Internship is a limited work experience opportunity for students to gain skills, knowledge and explore and understand a work place besides adding value to their resume while still in college. Through its well-established network, CDC explores and provides opportunities across diverse areas of business, academia, non-profit organizations etc. to second- and third-year students. For final year students, the internship project is longer, ideally for a semester. They spend about 4-5 months in an organisation and this carries credits. Our students have interned with the most prestigious national and multi-national organizations. In this academic year, students got short-term projects and internships with these companies.

Student Placement Report

CDC prepares students across all streams for them to be able to work in multi-disciplinary professional environments. Since the first batch graduated, SNU has continued to be a preferred hiring choice for both Indian and international organizations ranging from Multi-Disciplinary Employers, Consulting companies, Engineering and Manufacturing companies, Startups, Think Tanks, Financial institutions, NGO's and Social establishments etc. Students learn to face employers in a competitive campus hiring environment in their final year and are prepped for the same through various initiatives like workshops and technical preparation sessions.

Dell - Internal Use - Confidential

Hi Monisha,

Kindly let me know of the 24 summer interns who all have any credits pending and of these 24 students who all are eligible and willing to do the winter internship with us.

Our PPO results as well as final selection will depend of the eligibility of students doing winter internship with us.

From this year onwards winter internship will be compulsory for all candidates selected.

Thank you.

Students,

Transport support has been arranged for you for tomorrow morning. You will need to assemble in the Parking next to Library at 7 am tomorrow morning. Please carry some snacks with you, have your breakfast. It is likely to be a long day and you should prepare accordingly.

One of you from 4th year should nominate herself as the spoc for tomorrow. Please inform me by return mail and call me today on my phone given below in my signature.

Debarchana from 4th year : I have been trying to reach you, please call me.

Some queries:

- Number of Interview rounds: Can be multiple based on an individual student's performance.
- Wait time : Indefinite as two more college students are participating. This is a pool process as we have a very small number from our college. Please wait around for your turn. As detailed

earlier if they do not finish tomorrow there could be additional rounds on Wednesday.

- Details of Company and Role: As detailed In my mail the process tomorrow will begin with a Pre Placement Talk. Please attend the same to get further information.
- This is a Core Company and that too In the Dream Category. Please do your best.
- 3rd Students : If selected you will need to summer internship with them. Based on your performance you will be the first to get a final placement offer called a PPO Offer from the company as was done in the case of 2017 Class.

Ishita Singh,
Shiv Nadar University,
UP

Dear Ishita,

This has reference to your application for a placement at Head Start and the subsequent discussions we had with you.

We are happy to appoint you as an English Teacher at Head Start Educational Academy, with effect from June 2018, on the following terms and conditions:

1. Compensation & Benefits:

You will be eligible to receive compensation of **Rs. 40,000/-** per month. Monthly break-up of compensation is provided in the Annexure.

Changes in your compensation would be at the discretion of the management and would be on the basis of effective performance, internal pay scale and other relevant criteria.

2. Responsibilities/Duties:

In view of your position and office, you must effectively, diligently and to the best of your ability perform all responsibilities and ensure results. You will be expected to be present on every working day of the year and occasionally on holidays and after working hours for special meetings, workshops or assignments.

In this connection, you are required not to engage in activities that have or will have an adverse impact on the brand image and spirit of Head Start, whether directly or indirectly.

We at, Head Start are committed to ensuring adherence to “Integrity” in all aspects of our functioning. Please ensure that you comply with the policies /guidelines of the school provided in the Policy Manual, as they form an integral part of the terms of employment with Head Start. Consequently, you are required to understand the scope & spirit behind these policies and to comply with the same. These policies are updated / modified on a periodic basis and new policies may be introduced from time to time. As and when this happens, the school will notify you and you will be required to comply with the same.

You shall during the hours of attendance, during the day or week as may be required from time to time, diligently and punctually perform all duties and tasks (including any course of training prescribed by the school) which the school or any authorized employee may verbally or in written request, direct or entrust you to perform.

3. Information:

We trust that you have not provided us with any false declaration or willfully suppressed any material information. If you have, you will be liable for removal from service without notice. Please note that you are required to inform us if there are any agreements, oral or written, which you have entered into and which relate to your commitments under this Agreement.

Your employment terms may be specifically enforced legally, if required. In this connection, if any of the provisions of this Agreement are declared or found to be void or unenforceable due to any reason whatsoever, the remaining provisions of this Agreement shall continue in full force and effect.

4. Non-Disclosure:

You will not disclose to any person or organization any information regarding the affairs of the school which may have come to your notice or knowledge, the disclosure of which is likely to be prejudicial to the interests of our institution.

5. Conduct:

You shall at all times conduct yourself soberly and honestly. If you commit any dishonest, fraudulent or unauthorized act in relation to any property of the School or any Employee or any other person dealing with the School whereby the School's such customer or other Employee sustains any loss, damage or prejudice whatsoever, you shall forthwith upon demand pay to the school or to any such customer or other Employee as the School may direct such sum as is sufficient to make good such loss or damage or prejudice sustained as aforesaid.

6. Probationary Period:

You will be on probation for a period of 1 year and may be confirmed as a permanent employee upon successful completion of your probation; or earlier, at the discretion of the school. The period of probation can be extended for a further period of 6 months or part thereof.

7. Notice Period:

During probation, your services can be terminated by Head Start with 30 days notice or salary thereof on, and you are required to serve a notice of 1 month or salary thereof if you choose to separate. On confirmation as a regular employee, you will be required to give 2 months notice or salary thereof in case you decide to leave our services. Head Start reserves the right to pay or recover salary in lieu of notice period. In the event of you having any incomplete assignment, the school will have the discretion to relieve you only at the end of the stipulated notice period. Similarly, the school can terminate your services by giving 2 months' notice or salary thereof. For terminations due to disciplinary cases or any such issues which are prejudicial to the school, your services can be terminated without notice and notice pay.

8. Conflict of Interest:

Your employment as a member of our team calls for full time attention to school work, to which you will devote yourself exclusively. You will not take up any other work or academic or other courses during school hours. You will not be interested directly or indirectly in any other occupation or business on the school premises or during working hours.

9. On Separation:

On acceptance of separation notice, you will immediately give up to the school before you are relieved, all school property and Proprietary information and settle all outstanding financial obligations with the school including, but not limited to repayment of any loans, settlement of any salary or expense advances. School reserves the right to withhold any payments due to the school from the final separation paycheck.

10. School Assets:

If during, the course of your employment with this School, you are provided with school assets, you shall maintain the same in good working condition and you shall return the items to this School prior to your ceasing to be in the employment of the School. Any dues to be paid to you on your ceasing to be in the employment is liable to be withheld by the School if the said items so provided by the School are not returned to the School, apart from the School's right to proceed against you as per provisions of law.

11. Confidentiality [Non - compete agreement]:

You are required to strictly maintain the confidentiality of and not to divulge or communicate in any manner, any information regarding your remuneration/terms of employment to any other person and in particular any employee of the Company. Such disclosure will be viewed seriously and you are liable for disciplinary action as per rules of the Company.

12. Proprietary Information:

You will not disclose to anyone outside the School, and will not use except in the business of the School, any confidential, proprietary or secret information or material relating to the services, customers or business operations, personnel or activities of the School, its licensors, or its clients, any course and curriculum information (collectively, "Proprietary Information"), either during or after employment by the School in perpetuity, except with the written permission of the School.

13. All Proprietary Information (whether or not learned, obtained or developed solely by you or jointly with others) shall remain the property of the Company, and that upon termination of employment or at any earlier time as requested by the Company, you will immediately deliver all Proprietary Information in your possession or control to the Company. In view of the above, you shall be called upon at the time of your joining the company to execute a "Non Disclosure Agreement" to this effect.

Letter of Acceptance for the Master of Science program in Molecular and Cellular Biology

Dear Guncha Agrawal,

We have the pleasure to confirm that Guncha Agrawal has been accepted for the **Master of Science Program in Molecular and Cellular Biology** of the LMU Munich, starting in October 2018. The first official event, the introduction to the Master's program, will take place on **October 8, 2018 at 10:00h** in lecture hall B00.019 of the LMU Biocenter, Großhaderner Straße 2, 82152 Planegg-Martinsried (please note that this is a different street than the Großhaderner Straße in Munich). Lectures will start on October 15, 2018.

There are three different enrolment processes, depending on your background: for international students from a non-German university (A), "Bildungsinländer" (B) and LMU students (C).

A) Students holding a bachelor's or master's degree from a **non-German university** must enroll in person at the LMU International Office:

Geschwister-Scholl-Platz 1
80539 Munich

Visitors' address: Ludwigstraße 27/EG, 80539 Munich (Subway: U3/U6, Station: Universität)

http://www.en.uni-muenchen.de/about_lmu/contact/int_office/index.html

B) Students holding a German "Abitur" (= diploma from a German secondary school qualifying for university admission), bachelor's or master's degree **from a German University** should enroll at the LMU following these two steps:

1) Online registration at the LMU:

http://www.uni-muenchen.de/studium/hochschulzugang/bewerb_einschreib/verfahren/online_einschreib/index.html

2) Personal enrolment at LMU in the registrar's office. Please see dates:

https://www.uni-muenchen.de/studium/administratives/termine/en_termine/en_immatr_termine/index.html

C) Students holding a bachelor's degree from **the LMU** have to change their study program according to these instructions:

https://www.uni-muenchen.de/studium/administratives/termine/en_termine/en_termine_student/index.html

The standard duration for the Master of Science program in Molecular and Cellular Biology is four semesters with 120 ECTS points.

We look forward to seeing you in October!

Yours sincerely,

Prof. Dr. Kai Papenfort

Head of the Admissions Committee of the Master of Science program in Molecular and Cellular Biology of the LMU Munich

Dear Mr. Sushant Bansal:

Congratulations! I am pleased to offer you admission to the Masters Program in Computer Science at The University of Chicago for Autumn Quarter 2018. You have been admitted to the 12-Course MPCS Specialization Program.

Please follow this link to the Reply To Offer of Admission Form <<http://apply-psd.uchicago.edu/apply/form?id=cba32d95-f073-489a-8aea-951726ace913>> to accept or decline our offer by April 15, 2018. If you accept our offer of admission, a non-refundable deposit of \$1500.00 USD will be required to hold your space. The deposit will be applied in full to your first tuition bill once you are registered for classes at the University of Chicago.

We are not able to offer you any financial assistance, scholarships, or support at this time. You must show that you have full financial support to study in the program. Additional information about the student visa application will follow after May 10th.

Once you accept our offer of admission, please visit the New Student <<http://csmasters.uchicago.edu/page/newly-admitted-students>> page on our website for details about classes, registration, placement exams and other information about starting the program. Housing information can be online at UChicago GRAD Housing Resources <<https://gradadmissions.uchicago.edu/housing>>.

I hope you will join the University of Chicago family. As you know, the University of Chicago and Department of Computer Science share a reputation for excellence and innovation respected around the world. Courses are taught by world-renowned faculty and industry experts who will provide you with a solid foundation in computer science and technical expertise. While you are here, I invite you to explore opportunities for educational and professional enrichment at The University of Chicago's other top-rated professional schools, museums and institutes. The University of Chicago brand and global alumni network will pay dividends to you from your first day in class and throughout your career.

Sincerely,

Anne Rogers
Director, Masters Program in Computer Science
Associate Professor, Department of Computer Science and The College
